Nevada City Nugget

VOLUME TWO | THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, | FEBRUARY 13, 1928 | NUMBER 13

REGION COUNCIL IN FINE MEETING HELD SATURDAY

Nevada City did herself proud as an entetainer on Saturday when the Sacramento Region Citizens Council of which Nevada County is a component part, held its 19th meeting at the National Hotel. Manager F. C. Worth proved himself an adept at handling the large throng in the banquet hall without disorder. The luncheon was excellently designed.

The assemblage was presided over by President Simon J. Lubin of Sacramento with Secretary A. S. Dudley on one side and Director Fred G. Stevenot of the State Department of Natural Resources on the other. Senator Jack Inman of Sacramento also graced the speakers' table.

At the outset Mr. Lubin called on R. J. Bennetts to tell the meeting if the visitors were welcome in our little city and the latter's remarks, warmly worded and nicely chosen did honor to the speaker and the occasion. G. J. Rector was called on for remarks and he responded fittingly as did W. G. Allen of Smartsville.

Senator Inman told of a plan that had been worked out the day before by a nmber of representative growers to stabilize the peach situation which has the earmarks of a real solution, that of standardizing the pack and having a state trademark. The Governor has given his assent to the plan.

Captain J. D. Hubbard of Chico reported on the water survey being conducted and particularly on the Iron Canyon dam at Kennett. His studies have not reached the Yuba watershed as yet apparently.

The speaker of the day was Mr. Fred G. Stevenot who spoke at length on the work of his department in its relation to the state government. He is a mining man and said that when he came into the county on his way to Nevada City that he felt like he was getting into his home county of Calaveras.

George H. Calanan brought up the problem that has faced the mountain counties for the last quarter century—the undying hostility of the valley interests against the hydraulic miner and extended an invitation to Senator Inman to come up and see for himself, he being one of those in the vanguard against the resumption of that form of mining.

Judge Raglan Tuttle brought up some pertinent points regarding the need of money to complete the Yuba Pass Highway between Downieville and Sierra City and dwelt on figures to show how necessary the route is as an all year route to Nevada and the east.

Excellent music was furnished by C. K. Brower, leader of the Gerber saxophone band, on the clarionet with vocal selections by Mrs. Claire Barnett of Corning, Miss Irene Hagman at the piano.

The afternoon fast sinking into the golden west, the meeting was brought to a regretful close.

POCAHONTAS ST. VALENTINE DANCE A SUCCESS

The Valentine dance given by Pocahontas Council last Saturday night was greatly enjoyed. It is the first dance of imponrtance since the Fireman's Ball and a record crowd was in attendance.

The following young ladies who were on committees to make the affair a success were: Misses Elsie Dent, Edith Flynn, Lila Day, Rachael Penrose, Elma Hecker, Aileen Lewis, Helen Trevathick, Ernestine Eilerman, Lenore Steger. They put forth every effort to make it a success and should feel weel rewarded as all were high in praise of the good time enjoyed.

Mr. and Mrs. James Dolan won the prize waltz and drew first honors. Mrs. Alfred Medlin won the door prize, a boudoir pillow. John McLaughlin won the gentleman's prize, a wallet.

The members of Ponemah Council desire to thank the general public and those who participated in the musical program.

Mr. and Mrs. Laurel C. Ruff returned Wednesday from a few days visit in Oroville.

CHEMICALLY PURE GOLD IN ORE HAS BEEN DISCOVERED IN MINE OF THIS VICNITY RECENTLY

This part of Uncle Sam's domain should hereafter bear a red dot marking the discovery of the element gold in its pure state. The Nugget has in its possession ore, bearing gold worth just $20.67 per ounce. This is such an unusual find that, to mining men generally its authenticity, may be doubted; yet we have seen the certificate of assay, which we have no occasion whaever to doubt.

Gold is an element rarely, if ever, found in its pure state; silver being present in some proportion in nearly every case.

Ordinary quartz gold from the mines of Nevada City and Grass Valley Districts will run from $16 to $18 per ounce.

We have seen the gold over in the Battle Mountain, Nevada district, where it is so largely alloyed with silver that it runs but $11 or $12 per ounce, and in color is almost white, but right here in a mine within a few miles of Nevada City this unusual find has been made and it will undoubtedly attract quite a bit of attention on account of its extreme rarity. Specimens of the ore are in The Nugget mineral display window.

We have not the space at this time to comment further on this interesting phenomena, but we expect to give further details in an early issue.

TIGHTNER NUGGET HAS A WORTH OF $26,000

According to a statement given to the press by H. U. Maxfield, president of the Sixteen to One mine at Alleghany, the recent strike in the Tightner property netted over $26,000 from the 164 pound chunk, which places it as one of the real nugget finds of the mining world. Such a strike over in Nevada would cause a veritable stampede but in Alleghany where the mine is located is phlegmatic about such things, as they are quite common.

NEW HOSE TRUCK HAS GONE INTO COMMISSION

The Nevada City fire department now boasts three fire trucks with the addition of a special hose truck that has been placed in commission the past week. The truck which is a former touring chassis has a special body and a fine coat of bright red paint was given by Ed Martine out of courtesy to the boys.

The truck will be kept at the No. 2 fire house.

SHI SHI WA NAME TAKEN FOR CAMP FIRE GIRLS

The high school group of Camp Fire Girls have organized. They have chosen as their group name, Shi-shi-wa ,an Indian name which means Girls among the Mountains.

The following officers have been chosen: Alberta Baker president, Olga Regalia vice president, Nancy Jones secretary, Thelma Boreham scribe, Dorothy Watters treasurer, Ruth Tamblyn song leader.

Miss Jaynes is guardian and Miss O'Neil assistant guardian. They held their first party Tuesday evening when they were hostesses to the girls of the high school at an Indian party. They served cornbread for refreshments.

On Friday the girls sold candy and popcorn which netted about $8 and a gift of $5 to the girls to aid them in getting started, was made. The girls will start soon to make their bead headband which is one of the requirements. They are also choosing their individual Indian names.

The Natishi group of grammar school girls have chosen the following officers: Margaret White president, Zoe Tredennick vice president, Pauline Rohrig scribe, Melba Huson treasurer and Mary Costa song leader.

H. C. Kethcum and wife motored up from Orangevale and visited with their uncle and aunt, Mr. and Mrs. B. F. Howe of this city. They were accompanied by Mr. and Mrs. John Eisenhart of Pittsburg, Kansas. The Eisenharts are old time neighbors in Kansas and it has been 30 years since they have seen each other. The latter are looking over California with the thought in view of selecting a home.

The many friends of Mrs. Carl B. Schwartz will be pleased to learn that she is making rapid recovery from a recent operation for appendicitis at Sutter Hospital, Sacramento. The operation was performed last Tuesday.

Mrs. Mary Dorgan of Oakland is here visiting. She was a former resilent of Lost Hill.

William Litchenberg of the Brush Creek mine near Alleghany, was in our town Thursday.

Dave Cabona, prominent Truckee merchant, has left for a vacation in San Francisco. He visited here for a few days as the guest of Sheriff Geo. Carter.

The many friends of William Home, popular clerk of the Lace House, will be pleased to learn that he left the sanitarium this week.

Marion Lusk, supervisor of Sierra County and Harry S. Tibbey were in town Saturday to attend the Council meeting.

George S. Porter of Pike City was in town Friday on business.

Manager J. E. Gooding of the Pacific Telephone and Telegraph Co. was in Sacramento Wednesday night to attend the annual banquet of the Chamber of Commerce.

FIRST ANNUAL REPORT WESTERN MERGER IS GIVEN

The first annual report of the Western Merger mining operations north of town was released to the press the past few days by President A. A. Codd and ocntains many matters of interest.

Among the development operations listed was the building of a power transmission line to bring electricity to the plant. A water supply was developed 2000 feet above the mine and tanks with a capacity of 20,000 gallons were installed together with a high pressure pipe line from the tanks to the mine and giving an 80 pound pressure.

When the company took over the property from the Davis brothers. the main working shaft was 275 feet deep. The first work undertaken was to sink the shaft 135 feet deeper where a station has been cut with ample sized bins for ore and waste. Underground leaded cables for power and lighting were installed as also a telephone system. Drifting operations on the 400 level have been carried 160 feet east and 140 feet west uncovering excellent ore in both drifts. Work has also been started on the 300 level and an ore pocket has been cut at this level.

The development work in the mine has proven that it has the makings of a real producer when fully under way and a sufficient showing has been made to warrant the installation of the first unit of a mill which is now well along toward completion. The building is all enclosed and the work of excavating for the battery foundations is being started today and will be rushed to completion. The mill equipment consists of five 900 pound stamps, Diester table, Johnson vanner and a rock crusher.

One particular item of interest is that of $18,317.20 expended the past year for labor, all of which was hired locally and largely spent in Nevada City.

A. A. Codd of Reno is president and manager, H. B. Skewes of Nevada City is vice president and mine superintendent and G. V. Ward of Reno is secretary and treasurer.

SINKING OPERATIONS AT GRACEY MINE PROGRESS

Sinking operations at the Gracey mine are progressing fast with the installation of the air drills and the new station level will soon be reached for commencing drifting operations.

Thomas Hogan who has been in the city for medical treatment has returned to hish ome here.

Harry Barnes, former Nevada City high school student visited in Nevada City Saturday afternoon and evening.

Almond blossoms are out in all their glory on the E. J. Pollard ranch which is situated above Nevada City on Harmony Heights. It is an indication that spring is here and other fruit trees will soon be in blossom.

Myers Mobley was a business visitor in San Francisco.

Frank Davies, of the Citizens Auto Stage Line, returned the latter part of the week from Sacramento where attended to busines affairs.

Mrs. Mattie Eddy and brother, J. Hartman, returned this week from Oroville where they attended the funeral of their niece, Mrs. Dorothy Carson. The young lady died of pneumonia. It was a very sad event as she was married last June.

Mr. and Mrs. T. C. Botting had as guests from Stockton, Dr. J. M. Carr of the Garr Clinic of that city, and nurses Misses Buhla Ford and Lyle Botting.

Fred Harges of Sacramento was in town on business Thursday.

Julius E. Pauly returned Wednesday from Marysville where he has been visiting.

Judge and Mrs. Raglan Tuttle and family moved into their new home in the south part of town Saturday which has just been completed.

DEBATERS WILL BE BUSY FOR THE HIGH SCHOOL

On March 9th, four pupils of the Nevada City High School will debate the following question: "Resolved, that the United States should take complete charge of the relief of the Mississippi flood regions."

The affirmative will debate against Ceres at Nevada City and the negative against Sacramento at Sacramento.

These meetings will take place as a result of joining the Central California Debating League by the high school student body. The following people are doing research on this question: Affirmative, Carroll Coughlan, Addison Janes, Beatrice Cassidy, Helen Chapman, Katherine McClish and Katherine Parsons. Negative: Eleazar Foley, Byron Janes, Elmer Marriott, Pierson Tuttle, Mary Jones and Gertrude Marriott.

From this group, four speakers will be started on the basis of their merits as debaters to represent our school in the league.

LOG CRASHES THROUGH ROOF AT LE COMPTON

A narrow escape from serious injury wa averted the past week at the LeCompton mine when a large log thrown skyward by a blast from a construction crew on the new diversion ditch, crashed through the roof of the blacksmith shop at the mine. Several workmen had quitted the building just a few minutes previous to the blast.

SUPERVISORS CONTRIBUTE TO REGIONAL COUNCIL

The Nevada County supervisors showed their progressive spirit by payingtheir quota of the cost of operating the Sacramento Region Citizens Council. The organization by holding one of its meetings here brought that much advertising value to the county alone.

Such a meeting as was enjoyed on Saturday is a wonderful thing for a town ,isolated as we are from the busy marts of commerce. There ought to be more of them.

Herbert Cooper left Nevada City for Alleghany to attend to some business matters before returning here where he and Ed Martine will be busily engaged painting houses for the spring time.

An important meeting of Nevada Royal Arch chapter will be held this evening to perfect plans for the district meeting which will be held on next Monday night to receive the Grand High Priest, James B. McLees of San Diego.

The regular meeting of the city trustees will occur next Thursday night.

Miss Julette Green of Gridley and Mr. John Huber of Live Oak were in town Sunday evening.

Ed Fornier of Downieville was a County Seat visitor Tuesday.

Mrs. H. M. Bradbury of Alleghany was a visitor in our city Tuesday.

Thomas Phelan of Tyler was in our city Thursday attending to business matters.

Mrs. William Griffen is home again after a long visit in San Francisco and the bay region.

T. W. Peckman and son of Waldo were business visitors here Friday.

Mr. and Mrs. J. M. Cotter of Lowell Hill are here visiting for a few days.

Supervisor Marion Lusk of Downieville was a business visitor in our city Thursday.

J. M. Hoff ,superintendent of the Murchie mine, was a business visitor San Francisco this week.

Victor Johnson of Alameda was a week-end visitor here among old time friends. He is now teaching in the Alameda county schools.

Phil Curnow, postmaster of North Columbia, was a visitor in our city Monday.

A house warming for the handsome new country home on Lady Jane Ranch was given Saturday night by Mr. and Mrs. H. Robinson, entertaining a number of prominent people oft he county.

GRASS VALLEY HOOPSTERS GO DOWN TO DEFEAT

Nevada City took the measure of Grass Valley three times Wednesday night in basketball contests on the local court by lop sided scores. The locals simply played rings around the visitors and when the smoke of battle had rolled away, the following scores were revealed:

A game—N. C. 38, G. V., 10.
B game—N. C. 18, G. V., 11.
C game—N. C. 23, G. V. 6.

It is said that the slaughter got too much for Principal Millar who had to get outside for air.

Nevada City rooters went wild over the performance.

FORD GOVE, LOS ANGELES ATTORNEY TO RESIDE HERE

Mr. Ford Grove an attorney of Los Angeles, has established his home in this city. He will be associated with the firm of Walling & Armstrong and takes the place left vacant by the death of Frank Wehe, Jr.

Nevada City welcomes the newcomer and hopes for him a successful practice.

MRS. GHIDOTTI HONORED AT COUNCIL MEETNG

At a meeting of Pocahontas Chapter of Ponemah Council, Mrs. Frank Chidotti, a bride of last month, was made guest of honor and presented with two pieces of silver to match her set.

FRANCIS VOAK JOINS THE NUGGET ADVERTISING STAFF

Francis Voak, formerly of Southern California, has joined the staff of The Nugget, handling special publicity. He has had considerable advertising experience and has many ideas which should prove worthwhile to the business men of the twin cities.

The local troop of Boy Scouts and a number of adults interested in the movement went to Roseville Saturday night to attend a big rally there.

T. W. Richards was a Sacramento business visitor Friday.

Henry Kohler, merchant of Washington, was a County Seat visitor Friday.

W. W. Waggoner and daughter, Miss Dorothy, have returned from San Francisco. The many friends of Mr. Waggoner are glad that he has made such rapid recovery from a recent operation performed at the University Hospital.

Mr. and Mrs. E. W. Smith has as guests over the week end, Mr. and Mrs. A. C. Conley and Miss Edna Smith all of Oakland.

Miss Catherine Hogan and brother, Francis, visited in San Francisco last week end with their father, T. F. Hogan, who was operated upon there recently in a hospital.

George T. Wayman of Pike City was in town Wednesday on a short visit.

James H. Dugan, Downieville butcher, was in town on his regular weekly visit Friday.

Every business man of Nevada City who buys his advertising and job Printing from The Nugget is keeping his money at home and helping to build up our town.

CHAMBER APPROPRIATES MONEY TO COLONIZE

By action taken at a special meeting of the Chamber of Commerce last week, $50 a month will be appropriated from the revenue of the Chamber toward the colonization plan being sponsored in the county.

GRAY GETS AUSTRALIA

C. R. Gray who is one of Nevada City's dyed-in-the-wool radio fans, has been tuning in regularly on two Australian broadcasting stations between 2 and 5 in the morning lately. He is using a 10 tube infradyne set and is expecting to use a dictaphone for recording the broadcast. The stations are 2BL and 5CL.

T. Berger was down from Sierra City several days last week.

From 1492 to 1900, there were produced in the world, 11½ billions of gold and of this amount California produced 7 billions.

The Nugget prints a larger proportion of its space in mining news than any other newspaper in California.

Mr. and Mrs. James Penrose entertained the members of the A basketball team of the high school at a banquet the other night. Coach Pederson and Principal Isensee were invited guests.

Secretary of State Frank C. Jordan was a Saturday business visitor.

Mr. and Mrs. Carl Ivey of Chico have been visiting relatives here.

B. A. Cassidy of Auburn, prominent candidate for state senator, was a Saturday visitor.

Editor C. E Barker of the Mountain Democrat of Placerville, accompanied by Mrs. Barker visited here Saturday, attending the Regional meeting and staying over the night.

W. F. Mixon, Sr. of Woodland, the former secretary of the state highway commission, was a Saturday visitor and renewed friendship with The Nugget publishers.

I. L. Putnam, prominent Yuba City resident, was a Saturday business visitor and attended the Pocahontas dance in the evening before returning home.

Axel Olsen a long time resident of the Washington section passed away in San Francisco the past week

The fire department made a complete check up of the hose supply yesterday.

A recall petition is being circulated for the removal of the city trustees of Grass Valley.

Dr. and Mrs. J. R. Ivey were Saturday visitors at North Columbia.

Mr. and Mrs. Alfred Medlin were up from Sacramento to spend the weekend.

Hugh Murchie who has been quite ill is making a good recovery, which will be welcome news to his many friends.

Leo Sweeney, traffic officer from the east end of our county, is now patrolling the roads of our section.

Misses Irma McCormack and Ruth Ross returned to their studies at San Jose Normal after a short vacation spent here with relatives.

John Sabine of the Baden Ranch had the misfortune of badly injuring his leg a few days ago when a log fell on it.

Charles H. Clifton of Freeman's Crossing was in town on business Thursday.

LEGAL NOTICES

SUMMONS
No. 5585

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA.

ANNIE R. BYRNE, Plaintiff, vs JOHN A. RAPP, LILA CHAMP$ION, as administrator of the Estate of JOHN SKEWES, Deceased, JOHN C. PHILLIPS, THE GOLD FLAT MINING CO., WILLIAM RUSSELL, BENJAMIN F. HAWLEY, E. J. ATKINSON, HELEN A. CROSS, THE ANGLO & LONDON PARIS NATIONAL BANK, a corporation of SAN FRANCISCO, and also all other persons unknown claiming any right ,title, estate, lien or interest in the real property described in this summons, adverse to plaintiff's ownership or any cloud upon plannttiff's title thereto, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada, and the complaint filed in the office of the Clerk of said County of Nevada, in which said action Annie R. Byrne is the plaintiff and the persons hereinafter named as defendants, are defendants.

E, H. ARMSTRONG,
Attorney for Plaintiff.

The People of the State of California send greetings to John A. Rapp, Lila Champion, as administrator of the Estate of John Skewes, Deceased, John C. Phillips, The Gold Flat Mining Co., William Russell, Benjamin F. Hawley, E. J. Atkinson ,Helen A. Cross, The Anglo & London Paris National Bank, a corporation of San Francisco, and also all other persons unknown clamiing any right, title, estate, lien or interest in the real property described in this summons adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto, Defendants.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Sueprior Court of the State of California, in and for the County of Nevada, within ten days after service on you of this summons, if served within the county or in thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, that said plaintiff will take judgment for any money or damages in the complaint arising upon contract or she will apply to the Court for any other relief demanded in the complaint.

The following is a statement of the action:

The object of the action is to determine all and every claim, estate, lien or interest in the property herein described; that the plaintiff is now and has been by herself and her predecessors in interest, the owner of and in the actual, exclusive and adverse possession of the property hereinafter described continuously for the period of more than twenty years immediately preceding the filing of the complaint in this action, claiming to own the same in fee against the whole wold, and that plaintiff has paid all taxes of every kind and nature whatever levied or assessed against said real property during the period of five years continuously immediately preceding the filing of the complaint aforesaid; that the claims or claims of said defedants is without right and that they have not, nor have either or any of them any right title or interest in said real property or any part or portion thereof;

The lands and premises affected by this action are situate in Nevada County, California and particularly described as follows:

All that portion of the Southeast quarter of Section Thirteen (13), Township Sixteen (16) North, Range Eight (8) East, Mount Diablo Base and Meridian, described as follows, viz.:

NO. 1: Beginning at a point on the Section line between Sections 13 and 24, Township 16 North, Range 8 East, Mount Diablo Base and Meridian, from which the Southeast corner of Section 13 bears N. 89 deg. 33 min. East 862.40 feet, and running thence, true meridian North 14 deg. 22 min. West 230.07 feet; thence North 66 deg. 04 min. East 121.98 feet; thence North 47 deg. 52 min. East 9.05 feet to the West side line of the Pittsburg Quartz Mine, Lot 39, North 4 deg. 34 min. West 296.85 feet from the Southwest corner of claim 61.38 feet to a point; thence North 26 deg. 07 min. East 67.05 feet; thence North 16 deg. 18 min. East 17.63 feet ;thence North 11 deg. 16 min. West 107.89 feet; thence North 3 deg. 11 min. East 117.05 feet; thence North 13 degrees, 55 minutes East 313.39 feet to a point on the right of way of the Nevada County Narrow Guage Railroad, said right of way for the purpose of this description being 20 feet South of the center of the track and parallel thereto; thence North 67 deg. 30 min. West 20.00 feet to the center of railroad track; thence following track South 22 deg. 29 min. West 40.00 feet; thence South 20 deg. 44 min. West 175.44 feet; thence South 24 deg. 59 min. West 100.00 feet; thence South 40 deg. 21 min. West 100.00 feet; thence South 56 deg. 50 min. West 100.25 feet; thence South 72 deg. 43 min. West 100.00 feet; thence South 88 deg. 43 min. West 100.00 feet; thence North 75 deg. 02 min. West 100.33 feet; thence North 68 deg. 16 min. West 99.77 feet; thence North 70 deg. 19 min. West 99.86 feet ;thence North 80 deg. 59 min. West 100.00 feet; thence South 89 deg. 02 min. West 100.00 feet; thence South 87 deg. 44 min. West 462.10 feet; thence leaving railroad South 20 deg. 02 min. West 33.00 feet to a post on the East boundary of the Shanghai Place Mine, Lot. No. 171; thence South 87 deg. 20 min. West 15.62 feet; thence South 1 deg. 29 min. East 58.98 feet; thence South 21 deg. 49 min. West 171.59 feet; thence South 2 deg. 18 min. East 86.66 feet; thence South 32 deg. 11 min. West 61.52 feet; thence South 12 deg. 00 min. East 59.35 feet; thence South 51 deg. 37 min. East 21.21 feet; thence South 71 deg. 30 min. East 12.47 feet; thence South 73 deg. 59 min. East 67.16 feet; thence South 66 deg. 20 min. East 16.65 feet to the east side line of the Shanghai Placer Mine; thence along said line South 2 deg. 00 min. East 133.68 feet to the section line between sections 13 and 24; thence North 89 deg. 33 min. East 1228.10 feet to the place of beginning, excepting and reserving from above described tract that certain tract of land known as the Annie R. Byrne Reservation, described as follows:

Beginnning at the Southeast corner of the reservation from which a corner of the Potosi Quartz Mine identical with the Southeast corner of the Little Turk Quartz Mine, Lot. No. 150, standing 10.40 feet South of the section line between Sections 13 and 24 and South 89 deg. 33 min. West 1595.79 feet from the Southeast corner of said Section 13, bears south 22 deg. 27 min. East 32.86 feet, and running thence North 4 deg. 45 min. West 250.00 feet; thence South 85 deg. 15 min. West 250.00 feet; thence South 4 deg. 45 min. East 250 feet; thence North 85 deg. 15 min. East 250.00 feet to the place of beginning and containing 1.44 acres.

NO. 2: Commencing at a point which bears South 89 deg. 33 min. West 779.29 feet from the corner common to Sections 13 and 24, Township 16 North, Range 8 East, and Sections 18 and 19, Township 16 North, Range 9 East, M. D. M., thence North 4 deg. 34 min. West 615.40 feet to a point on the center of line of the Nevada County Narrow Guage Railroad Company's line, the place of beginning for the description of Parcel No. 2; thence following said center line South 40 deg. 21 min. West 69.90 feet; thence South 56 deg. 50 min. West 100 25-100 feet; thence South 72 deg. 43 min. West 100 feet; thence South 88 deg. 43 min. West 100 feet; thence North 75 deg. 02 min. West 100.33 feet; thence North 68 deg. 16 min. West 99.77 feet; thence North 70 deg. 19 min. West 99.86 feet; thence North 80 deg. 59 min. West 100 feet; thence South 89 deg. 02 min. West 100 feet; thence South 87 deg. 44 min. West 432 24-100 feet; thence leaving railroad track North 5 deg. 10 min. West 259.87 feet; thence North 38 deg. 38 min. West 596.70 feet; thence North 40 deg. 40 min. East 53.45 feet; thence North 19 deg. 12 min. West 167 feet; thence North 22 deg. 09 min. East 66.96 feet; thence North 37 deg. 44 min. East 298.11 feet; thence South 45 deg. 27 min. East 242.80 feet; thence South 41 deg. 54 min. East 106.34 feet; thence South 45 deg. 27 min. East 85.61 feet; thence South 57 deg. 43 min. East 141.82 feet; thence South 74 deg. 10 min. East 157.10 feet; thence South 88 deg. 59 min. East 341.58 feet; thence North 68 deg. 13 min. East 257.71 feet; thence North 63 deg. 15 min. East 421.60 feet; thence South 33 deg. 03 min. East 148.21 feet; thence South 55 deg. 43 min. West 274.40 feet; thence South 5 deg. 21 min. West 86.96 feet; thence South 41 deg. 07 min. East 355.75 feet; thence South 22 deg. 29 min. West 130.48 feet; thence South 20 deg. 44 min. West 175.44 feet; thence South 24 deg. 59 min. West 100 feet; thence South 40 deg. 21 min. West 30.10 feet to the place of beginning.

NO. 3: Commencing at the Northwest corner of the Gold Flat Quartz Mine, being Lot. No. 134; thence North 44 deg. 35 min. East 105.22 feet; thence North 51 deg. 17 min. East 164.67 feet; thence South 56 deg. 04 min. East 63.05 feet; thence South 29 deg. 40 min. East 79.02 feet; thence South 63 deg. 53 min. West 315.40 feet; thence North 3 deg. 12 min. West 65.4 feet to the place of beginning.

EXCEPTING all the minerals and mineral bearing earth, ore and rock lying below a depth of 100 feet from the surface of said property.

Given under my hand and the Seal of the Superior Court of the County of Nevada, State of California, this 21st day of December, 1927.

GEORGE COUGHLAN,
(SEAL) County Clerk.

Date of First Publication— January 16, 1928.

Dates of Publication—Jan. 16, 23, 30 Feb. 6, 13, 20, 27; March 5, 12, 19, 1928.

The modern girl marries in haste to repent at leisure.

If congress starts to try to improve radio broadcasting it'll be time to tune out and go to bed.

Slogan for suppressing a Latin-American revolution: "Shoot the generals and you shoot all."

The old overcoat didn't choose to run for a fourth term either, but it later was forced to reconsider.

A lot of unheeded advice is given, the most futile being that offered young folks concerning marriage.

Many of the old-time clinging vine type of women around Nevada City now have a daughter who is a rambler.

SPECIAL AT GHIDOTTIS

THE NUGGET PAGE OF MINING NEWS

CALAVERAS COUNTY

The Vallecito Western gravel mine is revealing fine ore values as the work progsesses up the ancient river channel. The work is being carried on to a depth of 190 feet with two manways driven on each rim. Manways have also been worked upstream for a distance of 1600 fect. The major part of the workings show valuable gold bearing gravel.

(The mine assumes a unique position among gravel properties, as it violates all established laws of geology. One of the violations is the great depth at which the gravel gold is found. In many instances values in paying quantities are as high as fourteen feet above bedrock, and it is believed it will exceed this in places. One of the great upsets of theory in gravel mining is that practically no values are found on the bedrock. This is contrary to all laws governing enrichments of gravel deposits. As a rule, the bedrock concentration is the richest.)

TRINITY COUNTY

A five ton Huntington mill is being installed at the Bety-May Mine in Trinity County. Willard Marwick is in charge of the work. Extensive development work has been done on the Bety-May property preparatory to operating on a large scale.

One of the largest gold dredgers on the coast is to be constructed at Five Pines, Trinity county. It is beingbuilt by interests represented by J. C C.ox, Chicago; H. H. Braydon, San Francisco, and George Sayten, Los Angeles.

The Brown Bear mine, which has been idles for twenty years, has been leased and bonded by E. E. Erich, a FrenchGulch mining man. It is called the Cardinal Development Inc. Six men are employed. This was at one time the most important gold producer in Trinity County. The mill is in serivceable condition. The mine belongs to Thos. McDonald and brothers of French Gulch.

Mrs. W. J. Britland of Sacramento spent Tuesday in our city visiting with old time friends.

MARIPOSA COUNTY

The Tacoma Mining Company which is operating the Prouty Mine at New Year's Diggins, has laid 2500 feet of 12 inch pipe for hydraulic work. 350,000 cubic yards of virgin ground that assays 75c to $1.a yard is in the company's holdings.

The Castagnetto mine in Hunter's Valley and Schlageter mines in Bear Valley are being prepared for extensive operations by J. O. Gillice and associates.

D. E. Bertkin has been appointed to serve notice of foreclosure against Kelso and Holmes and others associated with them on the Princeton gold mine and other properties held on the "Grant" under certain agreements. The notice of suit is brought by Edward Benjamin and Charles Slack, officials of the Mariposa Commercial and Milling Company, with offices situated in San Francisco.

Geo. W. Bever and associates have organized a company to operate the Crown Peak mine. It is down the river two miles from Bagby and adjoins Red Bank mine.They bought the property early in August. It is one claim with mill site on the Merced river and has been patented.

They have encouraging prospects and have decided to open the ledge. A 45 foot shaft shows seven foot of good milling ore and the pay shoot extends 300 feet in length and 271 feet in depth may be obtained by drifting on the ledge. It shows pay ore between 600 and 700 deep by a cross-cut of about 1300 feet the greater portion of which has already been done.

The Argo Mining Company have a crew of from three to five men pumping out the mine, repairing the boarding house, hauling wood and getting everything in readiness to start work as soon as possible.

The warter is pumped out and the two ore shoots were picked up easily and much other prospecting in the lower workings is proving very satisfactory.

They plan to drift on the hundred foot level and pick up shoots of high grade ore known to exist in the upper part of the mine, then sink another hundred feet and install a mill; by doing this they will be assured of a large reserve of ore while makin additional developments.

This mine promises to be as good as the Red Cloud and Bull Creel districts and looks as if old timers had overlooked and only awaits proper development to be a continuous producer.

The mine was worked by a tunne to a depth of 60 feet after first high grade ore was struck in 1923. It produced well even when a great deal of ore had to be left on the dumps and only high grade ore wa hauled several miles for crushing at a one stamp mill.

Roy K. Brown, manager of the Nevada Hills Mining Company, expects a fair clean-up of ore from rock crushed since the first of the year.

Three shifts are working at the mill and the company, whcih is operating the Virginia Belmont property, three miles from Coulterville, is handling in excess of 30 tons of ore a day. The low grade ore from the old chutes and in cleaning up the mine has been put thru the mill at a profit, and the heads now going thru will average better than $15 per ton. Amalgation and concentrations are being used.

Sufficient ore has been found to run the mill a year and employ the 18 men who are now working in mine and mill.

W. L. Chapman, mining engineer is making preparations for unwatering the mine with a 350 gallon electrically driven pump.

The company has acquired three more claims, 60 acres, adding 2800 feet to the Mother Lode. They have about a mile annd a half of the lode on their holdings.

A clean-up will give the company complete data on operations, and a final check on hundreds of samples and assays made since taking over the property a short time before.

Since milling operations started in December stock listed on the San Francisco mining exchange thru the Nevada Hills Mining Company have shown an appreciable advance in price.

Predictions are made that this old Mother Lode mine will become a leader in the mines of the southern section of the Mother, Lode this year.

Robert MrLean and Jack Noble discovered a rich vein of ore by a 100 foot tunnel they are driving.

While engaged in hauling gravel for the roads near Hornitor F. M. Daugherty turned over a large boulder and found a deposit of gold that netted him $60.

KERN COUNTY

Yellow Aster—Reports from leasers at the Yellow Aster show steady working on good grade ore.

King Solomon—Reports from leasers at the King Solomon are very good. Frank Webber and Joe Buckingham have just finished a milling of $48 ore and still holding out well.

PLUMAS COUNTY

A large vein of copper and silver ore carrying values has been opened up on the G. and L. Mining Company's property, which lies next to the Walker Copper Mine, near Portola. The property consists of seven claims, equipped with electric power plant, air compressor, pumps and machine drills.

TUOLUMNE COUNTY

Steve Rowe, Jr., Mother Lode mining man, and superintendent of Erin-Go-Bragh mine, consulted with parties interested in the property and and has selected machinery for starting development operations. This mine is north of Jumper and Golden Rule mines, with past phrenominal productions. It is predicted Erin-Go-Braugh will prove a valuable mine when developed.

R. E. Lindsay and C. Calbert, Tuttletown, have exhibited more new manufactured articles made with agates and composition; A table top, rings mounted with moss agates similar to opals. These stones came from Nevada county. They are also using a collection of polished stones for rings,stick pins and other jewelry as a side line with their other work.

SISKIYOU COUNTY

The Sterling Gold Mining company operators of the Schroeder and Golden Eagle mines, went into bankruptcy Jan. 26. It was for attachment and labor and amounted to about $10,000. Labor claims receive first attention.

It has been two years since the Freshour mine at Gottville was operated. J. J. Skeahan and J. Sullivan are employed as miners.

A compressor weighing 2500 pounds was hoisted across the Klamath river a distance of 300 ft. by cable, for the Hiscox mine. A truck hauled it to the opposite bank of the river. The compressor proved a great success in drilling through bed-rock toward channel A full crew of men are employed at the Hickox mine. They have built 150 ft. of sluice flume, 3 ft. wide. It is of steel plates 34½X36 inches and weighing 225 pounds.

THREE DOLLARS A YEAR

TAKES AWAY ALL FEAR OF

LOSS BY FIRE OR THEFT

Now, why should people worry when they go out for a ride, about the things they left at home and somehow failed to hide? You can't enjoy the outing and you can't enjoy the view, if visions of a fire or a thief are nagging you. So many people worry and they never count the cost. They might just as well be happy. See what comfort they have lost.

For just a quarter of a dollar a month, three dollars the year, and your things are safety tucked away and you need have no fear. Steel walls and locks and a watchman, too, and a burglar alarm, will keep your valued papers safe, protected from all harm. The next fine day you are in, come in and rent one. You might as well live happily, like all our renters do.

TRANSCRIPT FILES TELL OF BIG SNOWSTORM

Through the kindness of Postmaster P. G. Scadden, The Nugget was presented with a copy of the Daily Transcript of over 38 yeah ago.

Due to an unprecedented snowstorm the regular supply of newsprint having given out, the paper was printed on colored posted and it was announced by the publishers that if the expected supply failed [illegible] for the next issue that one of the merchants had agreed to [illegible] wrapping paper for the occasion.

Here are some excerpts regarding the storm:

Dec. 22—6 inches of wet snow fell. First sleighing at this city. Downieville road blocked. Harmony mine had to be shut down, out of timbers.

Dec. 20—Mail carried from [illegible] to Moores Flat by sleigh and from the latter place to Downieville by men on snowshoes. 5 feet snow at Mountain House.

Dec. 24—Road to Grass Valley bottomless. Geo. E. Turner's store roof sank under the now a little. No telegraphiccom munication for two days.

Dec. 25—Rain left little snow. Froze as eveninga dvanced and boys [illegible] on sidewalks. Road to Moores Flat closed to sleighs. 7½ feet of snow at Graniteville, correspondingly deep at other points up country and moe falling.

Jan. 2—Rained from midnight of 1st to daylight and then snowed all day. Telegaph wires down again. Deep snow delayed Narrow Guage train at Buena Vita an hour and a quarter coming up. Road to Washington blocked.

Jan. 3—Snowslide at Sierra City killed 7 persons. Narrow Guage working hard to keep road open. Snowing fast and shoveling off roofs begins. 16 inches snow on level and sloppy underneath. Road to You Bet blocked.

Jan. 4—Sun rose clear. 2 feet snow on level, much having fallen during the night.

Jan. 5—Roof of Mrs. Tilley's building on Main and Commercial broken.

Jan. 6—Mail carrier McLeod frozen to death near Washington. Ice and snow on Narrow Guage making great trouble but trains got thru. Good coasting on Broad and Main streets.

Jan. 10—A little snow fell before daylight. Express Mesenger Norval has been snowed in at Downieville since New Years Eve, but road reopened this day. Some thermometers got within 7° of zero.

Jan. 12—Narrow Guage train is snowb ound near Buena Vista. Snowed furiously all day. K. Casper's store roof caved during night. Special grandstand at Glenbrook broken down.

Jan. 13—A. Durbin's store collapsed.

Jan. 15—Demand for men at 50 cents an hour to shovel snow from roofs of buildings becomes active. W. G. Lord breaks upper road to Colfax and brings back some mail. Snowing again for a change. Seven inches fell at night. Train got back to Grass Valley. Snow Mountain ditch blocked.

Jan. 16—Express going via Marysville. Grass Valley and Nevada busses using runners. Snow deep as 7 feet on Commercial and Broad streets where it is thronw from buildings. Everybody shoveling. 24 inches sno won level in town. Ditches getting blocked. Various buildings breaking down.

Jan. 17—Snow 10 feet deep in places on Commercial and Broad streets. Eight inches snowfall here. Central Pacific blocked. Butter, eggs potatoes and some other supplies getting short at some of the stores.

Jan. 18—No mail from below for four days. More snow falling. Shovelers getting $1 an hour on some roofs. Business demoralized. Transcript estimates county's damage from storm at half million dollars. Snow ranges from 3 to 5 feet deep in city limits.

Jan. 19—foot of snow fell. Shovelers get $1.25 an hour. More buildings go.

Jan. 20—Sun shone occasionally. Gentle rain towards night. Piles of snow in front of some business places 12 to 15 feet.

Jan. 22—Pack train arrives from Colfax arrives with provisions. Snowed all day. Fine sleighing all the way to Camptonville.

Jan. 25—Soaking rainstorm. Bottom out of deep snow on roads. Bloomfield stage went in all over 3 miles from town and had to come back. Colfax express sleigh couldn't ford Bear river. Grass Valley busses drawn off. Commercial street impasable to teams between Pine and Main streets. Body found in Steep Hollow identified as that of Jacob Tischer who left Omega first day of snowstorm to go to Dutch Flat.

Expected that Narrow Guage train can each here by Monday.

Warren Spencer and Charles arrived Saturday from the San Jose mine where the snow is 16 feet deep. They traveled on their snow shoes from the mine to the Union Hotel. Snow was eight feet deep at Downieville and the people go from building to building under the snow.

TheG raniteville women were reported using the telegraph wies for clotheslines ,owing to the deep snow

J. B. Muller has made some fine snowshoes for Fred Searls and Adolph Muller who are now learning to ride them.

CAMPTONVILLE, Feb. 11, (Special to the Nugget)— Eugene H. Hays returned Monday evening from Yuba City where he was with his little son, confined to the hospital there.

W. D. Vanderhoff of Sacramento was in town on business Wednesday

Mary Humphrey left Wednesday for Oroville on a short visit to relatives.

Subscribe for The Nugget.

MINING LOCALS

BUTTE COUNTY

The Genii Mining Company plans extensive extensive operations near Magalia 30 miles from Oroville and will make an attempt to tap Mammoth Channel.

Charles E. Wallace, geoligist, is in Butte County studying the topography of Feather River Canyon and examining the volcanic formation wherein he believes is the original source of the diamonds found at Cherokee, near Oroville.

SACRAMENTO COUNTY

Gladding, McBean and Company is opening up a new clay pit in Sacramento County near Whiterock, on the Grover-Russi property, and the clay is now being hauled by truck and transported by railroad to the Gladding, McBean Company's plant at Lincoln. The clay is reported to be of very good quality and it is probable that extensive operations will result.

AMADOR COUNTY

Encouraging reports are coming from the Pioneer mine above Pine Grove, for the Yellow Tiger Consolidated Mining company announced that a good body of ore has been discovered and that another shift will be put on to operate the mine. The present management has been operating the mine for only a short time and they feel encouraged by the present outlook. Operations on the property are proceeding from both the De Soto and Manzanita laterals and from present indications quite an extensive body of ore has been uncovered.

MERCED COUNTY

The La Grange Gold Dredging Company has nearly completed the construction of a giant gold dredger that will be operated shortly on the Ivet property between Merced Falls and Snelling. The Company controls a large arceage of mineralized ground sufficient for 12 years run.

MARIPOSA COUNTY

J. W. Warford, superintendent, reports finding rich ore 100 feet below the 1100 ft. level in the Original Mine. The company planned to sink 500 feet and found this new ore The mine resembles the deep mines in the Grass Valley section.

G. S. Ahart, G. H. Mason and Jacob Snow, who have bonded the well known Ditz mine at Sherlocks have just completed grading for a two-stamp mill. The mill is to be used for prospecting purposes. The mine is being worked through a 500 foot tunnel and according to reports made by Ahart and Mason considerable ore is in sight which looks very fine. The property has been under development the past six months.

SHASTA COUNTY

A large air compressor is working at the Mad Ox mine. 16,000 feet of lumber has been used for building purposes. E. E. Erich, general manager, has men employed at work at the mine.

Benton Graham of Bully Hill left Redding with a small crew of men for the Bell Cow mine on Arbuckle mountain, where development work has begun.

Sam Fiske at Redding is principal owner and Graham reprets parties who have an option.

A TOWN IS JUDGED BY ITS NEWSPAPER

Most people look at a newspaper as the business of a single individual. If it thrives, that is the owners or editors business. If it fails, that also is the owners or editors business.

As a matter of fact, the success or failure of a paper is a matter of grave concern to an entire town.

Newspapers are the best advertisement a city has in the outside world. Other citites judge a town by the kind of newspaper it has. If it does not thrive, outsiders are inclined to look on the town as undesirable to live in, and so move on to other cities.

Thomas Jefferson once said that if he had to have government without newspapers or newspapers without government, he would take the newspapers, because through them he felt that the state could be run with at least fair success.

If some of us appreciated more fully the value of our newspapers, we would make geat effort to see that they get the news and advertising and so become successful. Modern society cannot get along without newspapers anymore than it can without schools and churches. —Tyront (Pa.) Times.

Word from Washington, D. C. is to the effect that Congressman Harry L. Englebright is doing his best to get the legislature to pass laws that will create a stimulus to gold mining in California, which for many years has been our leading industry.

MINING ACTIVITY SIERRA CITY IS CONTIUING FINE

SIERRA CITY, Feb. 11, (Special to the Nugget)— A. De Martini and family returned Wednesday from Sacramento.

Mining men from Los Angeles were at Monarch mine, they have three men at work repairing works before starting to work.

Expect to run mill at Sacred Mound next week. Building and mill are about completed.

The Sierra Butte is working about ten men.

Mrs. J. Dugan of Downieville was in town Tuesday.

E. M. Innes went to Downieville Tuesday evening to attend a Masonic meeting.

T. L. Park is in Los Angeles on business.

Len Thompson, Sr., made a trip to Grass Valley one day this week.

Miss Ruby Barron left last week for Los Angeles.

Andrew Bachles of Goodyears Bar is spending a few days at Sierra Buttes Inn.

Fred Joubert and W. Lang of Camptonville attended a Masonic meeting here Saturday evening.

Mrs. Frazier spent several days in Sacramento last week.

Miss Florence Burgett, Andrew Ponta and R. Strahl of Downieville visited in town Saturday evening.

Mrs. Anna Rose opened her erstaurant Saturday night, serving chicken and turkey supper.

D. A. Dutton and Miss Thompson returned to Los Angeles Tuesday.

C. D. McGonigal was here from Downieville Wednesday.

All the men in town are busy putting gravel on the main street, a much needed job.

The following registered at Sierra Buttes Inn the last few days: J. C. Savage, R. Savage, Sacramento; Frank Lemperle, Salt Lake; Chas. Skewes, Grass Valley; H. E. Feicklert, Auburn; D. A. Dutton and party of Los Angeles.

MINING INTEREST THRUOUT

The Examiner has this to say for the mining industry: Herbert Kent, general manager of the Royal Finance Corporation of California, has just returned from a two-month's trip, making a survey of general business conditions of eastern financial centers.

According to Mr. Kent the financial markets of New York, Chicago, and other eastern cities are very much interested in mining and it is the concensus of opinion that a mining boom is on the way.

rFrom what the Times and Record hears, this is true, but in none of the camps in this southwes t are times so good and feel the slump so little as in this immediate egion. The Northwest is reported as quiet, and so is the Colorado and Arizona section, and those arriving here from other sections, all say, "Why your camp is lively and looks good to us."

WHAT MINING MEANS

Addressing the thirtieth annual mining convention of the American Mining Congress at Washington, D. C., the development of the mining industry from the earliest days of creation, declaring that it embraced national and international relations of the highest order and required the coo-peration of industrial leaders and statesmen in its service to humanity.

'M'ining has been the keynote of programs of the human race," said Mr. Lindsay. 'The production of salt was the first mining venture. The early miners discovered that the heating of copper produced a better weapon than the stone hatchet. With the progress of the human mind ha grown the needs for things to be had only by mining. Today there is no industry that is not based on mining. Our medium of exchange is based upon mining."

And yet the people of the United States are spending five millions on farming to one million on the care and protection of the mining industry. Why not get into print and let the people generally know of this matter and see how soon there will come a change. Just let all the people know what mining means to them and they will step right in and look after the welfare of the industry.

Miss Verne Smith was a business visitor in Auburn Friday.

INDUSTRIAL MINERALS COME TO PROMINENCE

California has only begun to realize the limitless natural resources of its mines says Chales S. Knight of the California Development Association.

When one thinks of California one naturally thinks of gold, silver and copper, accoding to Knight.

Mountains of valuable industrial and structural minerals are now being unearthed revealing a new and unsuspected treasue chest of the Golden State. The glamorous gold days are past and big business utilizes what romance overlooked.

Some of these industrial minerals are: Cyanite, used in ceremic products; Andalusite, used for spark plug installation; Feldspar s,ued in sanitary ware and glass; Silica, used in the manufacture of glass; Talc, used in toilet powders, paper and rubber goods; Yellow ochre, used in paints; Pumice, used in making cleaners; Bentonite clay, used by oil refineries; Chrome, used by manufacture stainless steel; Cement, Clay. Diatomaceous earth, used in the manufacture of polishers, filters and insulations and Borax.

These are some of the structural and industrial minerals being mined in this state and are being mined in 12 counties in California. Their value in dollars and cents is vast.

Probably when these mineral deposits are exhausted new deposits of minerals equally as great value will be found. There is nothing new under the sun in the Pacific coast empire.

DISTINCTIVE FUNERAL SERVICE

At W. R. Jefford & Son, 111 So. Auburn, St., Grass Valley, Phone 364, A re Funeral Directors Who Have Taken A Lead in This Part of the State

In a comprehensive review of the business activities in this part of the state the subject would not be fully treated did we not include this well established and appreciative firm, which, in recent years has conducted the last service for many of our most prominent departed citizens.

A refinement that is appreciated by their service is their beautifully furnished family room. From this room the family may hear and see all that goes on within the chapel, without being exposed to the view of those within the chapel. It affords privacy when it is most needed.

Here the family and closer friends may be alone during the hours before the services, free from interruption.

The slumber room is indeed an appreciated facility of their funeral home for here intrusion is impossible. It is another reason why more and more people who call upon them decide to use the funeral home.

Many use their chapel because it is more beautiful, more convenient and more customary thing to do. A chapel like theirs is far superior to and facilities a private residence could offer.

They answer calls every hour of the twenty-four hours and service reaches to wherever the need may be. These wishing service of quality may have it regardless of cihcumstances. Their service is for all.

Charges are most moderate and are made known and decided at the time service is arranged, based solely on the service desired and arranged for.

A Studebaker Invalid Coach or Ambulance is also operated by this progressive firm.

OWL TAVERN

Located at 134 Mill Street, Grass Valley, is a Cafe That Has Gained a Reputation For Itself by The High Food Standards it Maintains. The Best in Food is Served and The Service is Prompt and Courteous

This well known cafe has gained a name that has spread far and wide as a place where both the local and traveling public can more than satisfy their demands in the matter of obtaining good food. The menu consists not only of the prime necessities of life, but many delicacies are offered that are tempting to the taste of the most fastidious.

The people of this section like good wholesome food and they have come to know that there are only two places in which to eat—home, when near home and this well known cafe when visiting Grass Valley. In short, the Owl Tavern is known as the place of good eats. Cleanliness is one of the outsfanding features and is not confined to the table and silverware that is brought to the attention of everyone, but it extends to the kitchen and those plaecs only frequented by the management and assistants.

The food is prepared in such a way that to the unitiated comes the thought that there never was a better place in which to eat. Poor restaurants are not the exception by any means and it is a pleasure to have such a place as is the Owl Tavern to refer strangers to as well as local people.

The management has made a special study of the restaurant business and consequently is trying to give their patrons somehting just a little better all the time. Prompt and courteous service is insisted upon. We take the pleasure in complimenting the management upon the high order of the place and refer the Owl Tavern to all our readers without hesitation.

HODGE & KINGHAM GROCERS

Located at 604 Mill St., Grass Valley, is a Most Popular Grocery Store. It Sells the Best Quality Staple Groceries Fruits and Vegetables at the Lowest Possible Prices

Because of the up-to-date methods of this firm, the high quality of its products and the reasonable prices at which they are sold, this concern is rapidly gaining for this section a prestige as an excellent market for thrifty housewives.

Thousands of people have found at this store revelations in food economy and have taken advantage of their prices by purchasing staple groceries in large quantities.

They handle a most complete line of staple groceries, fruits and vegetables. When you want these things, and want the kind that will agree both with your appetite and your purse, you want what this store has to offer. They story of the success that Hodge & Kingham of 604 Mill Street, is making is one that many business men would find profitable reading.

They began their career with the firm belief that only by selling goods of quality upon a reasonable margin of profit would they succeed. With this method in use it proceeded on its career upon the solid foundation of good values and reasonable prices. As their trade increased and the business flourished they expanded, until now it is known as one of the leading groceries in this section of the state.

The managers have had wide experience in the buying world, are familiar with retail trade conditions, and the new prosperity of the country promises to accrue to the benefit of this firm.

H. W. HARTUNG & SON

At 124 Mill Street, in The Heart of Grass Valley's Trading District, Specializes in Gift Articles Ranging From Diamonds, Watches, to Pins, Pencils and Small Articles

I wish I knew what to give. These words oftentimes voice a most puzzeling problem.

H. W. Hartung at 124 Mill Street, Grass Valley, specializes in solving this very perplexity and affords their patrons maximum satisfaction at minimum cost.

Everyone enthuses over the charm and variety of these gift articles so that anything selected here is sure to evoke the genuine appreciation of the receipient.

Their stock comprizes Diamonds and other precious stones in great variety and enchanting interest. Watches from the most enticing bejeweled timepiece in the latest fashion vogue down to the more substantially constructed standard article adapted to every day practical service. Jewelry fro every member of the family from Grandmother to Baby. Artwork in bewildering variety that must be seen to be appreciated. Novelties to such an extent that it would be useless to attempt a description, and in fact one of the largest and most veried stocks of jewelry and gift merchandise in this part of the state.

Their watch repairing department is in the hands of experts and enjoys a large and constantly increasing patronage.

When selecting Gifts for any season or purpose, make it a point to call at 124 Mill Street, Grass Valley, before making your selection.

HOME BUILDING MADE EASY

This Section is Fortunate in That It Has a Mutual Home Builders Association That Makes It Easy to Own the Place In Which You Live

A nation of home owners is a nation that will survive. A community of home owners is a substantial community. Hence any organization that makes it easy for people to own their own homes is an organization of great value to the community in which i toperates.

Through generations of experience and development home building organizations have evolved to a point where it is now actually easier to own your home than rent. Not only is it easier but it is far more satisfactory and pleasant. The home owner knows that his landlord has no power to raise rents, order him to vacate or to sell the house over his head. The home owner knows that he will have a place to return to a month, a year, or ten years ahead, if he desires and no one can say him nay. He knows that his family will have a roof over its head, a home, regardless of the wishes or plans of some one else.

In the evolution of home building organizations the mutual idea has developed as the most satisfactory, because in such an organization each unit is imbued with the same idea—the owning of a home. There are no conflicting interests of dividends to non-home owning stock holders, non-home owning bond holders, etc.

In this section we have the Mutual Home Builders Association with offices at 111 Mill Street, Grass Valley, where those desiring to build may secure information and assistance in their plans. If you are living in rented quarters we urge that you talk the matter over with them. You will find that the owning of a home is very easy.

AUTO ELECTRIC SHOP

Operating at 233 Mill Street, Grass Valley, is the Leading Electric Service Station in This Part of California—Specializing on Ignition Systems and Here May be Found the Service Station for the Renowned U. S. L. Batteries

Operating at 233 Mill Street, Grass Valley, is located the leading electric service station in this part of California.—Specializing on ignition systems, and here may be found the service station for the renowned U. S. L. Batterys.

Superior to most electrical establishments and surpassed by none, either in general excellence of work or superiority of material used, this well known firm has continued and launched on a successful career because the manager and his assistants are the most efficient electricians in this part of the state. By dint of hard labor and unflinching determination to master every detail of their calling, they earned a training in the intricacies of the profession that constitutes them an authority on all subjects pertaining to this very difficult trade, well versed on all the technical theory of the business, they have merited the position that they hold by actual experience so no matter what problem you may have in battery or electrical work, they can work out the solution which will operate to your best advantage.

THE AUTO ELECTRIC SHOPPE has a complete stock of U. S. L. batteries for all makes of cars.

In their plant is a complete scientific equipment for the repairing, recharging and overhauling of any standard battery.

One might devote much space to a further description of their modern plant and high grade stock, but let it suffice to say that you will find at THE AUTO ELECTRIC SHOPPE just what you would expect to locate in the headquarters of such an establishment as they maintain. We are pleased in this business review to compliment them and suggest that our readers visit them.

GRASS VALLEY LAUNDRY

Is Located at 111 Bennett Street, Grass Valley, Where Has Been Built up in a Few Years, One of the Greatest Laundry Businesses in This Part of the State

The Grass Valley Laundry is lo-

The wonders of modern laundry work has become known to nearly all the people of our section, and no one has contributed more to spreading that knowledge than the Grass Valley Laundry, situated at 111 Bennet Street, Grass Valley, where always the latest machinery and most modern methods are put in use as soon as they have been proven.

No longer does mi'lady hesitate to send her daintest fabrics to the laundry, when she knows the laundry is properly equipped ,but rather she would prefer to trust it to such an institution as the Grass Valley Laundry, than to attempt to launder it herself.

To those who have not yet tested this institution we suggest send them your laundry for one week and note how it comes back to you.

None of the exasperating rips and tears that are silent witnesses of careless handling. Each piece is as beautifully done, as immaculate and intact, as if your own proud hands had caressed it into smoothness.

From the time they receive your bundle until it is returned to you, no one but experts touch it. Nothing but pure soap water and gently cleansing white soap is used. Each type of wearing apparel receives individualized treatment.

Prompt and courteous attention is a feature that has added much to the unbuilding of this business, and in this review of the business firms of Grass Valley and Nevada City it is with pleasure we extend to Grass Valley Laundry, due credit for their business ability and efforts to help make it possible for our people to secure the best in their particular line.

HEALTH OF COMMUNITY IS VITAL

Chiropractic Now Occupies a Necessary Portion of Our Daily Life—A Health Giving Science

Since the wonderful results with Clara Drummond of Fresno, the woman who was in a coma for weeks from gas poisoning, under chiropractic treatment following the admitted failure of physicians of other schools, the science of chiropractic has received greater attention than ever in the past. To be sure the people of our state have been rapidly flocking to chiropractors ever since the science received the sanction of the state law makers, but since the remarkable demonstration in the Clara Drummond case all doubt of the efficiency of the science seemingly have been dismissed from the public mind.

Dr Ward Johnson who has offices at 105½ Mill Street, Grass Valley is thoroughly competent, courteous and efficient. Patients receive the most sympathetic and undertsanding attention at all times. There is no attempt to mystify or deceive. If an examination reveals that treatment is not called for there will be no attempt to impose it.

The doctor has built up a business that covers this whole section and is enlarging rapidly, because the public has learned that he is reliable and well qualified in his profession.

His phone number is 196.

GRASS VALLEY HARDWARE CO.

Located at 114 Mill Street, Phone 6, Grass Valley Is One Of the Oldest and Best Known Hardware Firms in All of Northern California

In each city as time passes there is usually one firm that builds itself into a commanding position in each line of business. In the hardware line in Grass Valley the Grass Valley Hardware Company has undoubtedly established itself in that line as a leader. It is one of the oldest hardware houses in the north part of the state and during its many years of business has always expanded as the country around developed, always carried a complete stock to meet the changing needs of the fast developing country.

Not only has it a complete line of hardware but they are also the local agents for the Du Pont Paints, and household helps of various kinds.

It has always been their policy to build up and hold their trade by fair and honest prices and supplying the latest in improved products for the benefit of the buying public.

The management through long years in the business have thoroughly informed themselves of the needs of their extended line of consumers from the high mountains to the lower valley, and as to the best method of securing the necessities to meet this demand at the most advantageous prices. Because of their vast buying power they can demand and secure the best at the best prices. They pass this advantage along to the buying public. Their stock includes all the standard brands that have become universally used throughout the country.

We are pleased to say to the people of Nevada county that it will be of an advantage to visit this store when in Grass Valley.

CAMPTONVILLE PERSONALS

Jack Wolff and party from Grass Valley passed through Monday evening enroute to Sierra City.

Superintendent Rosivere of Bullards Bar, was in town Tuesday on business.

Julius E. Pauly and S. F. Price left Wednesday for a short visit to their families in the lower country.

William O. Grant and Supervisor Andrew Modglin returned Wednesday from a short visit in Grass Valley.

Mrs. Maggie Crans spent a few days last week visiting at Nevada City.

Mr. and Mrr. Chester Anderson and family motored to Nevada City Wednesday on a short visit.

Chester U. Hanson and John M. Jaynes returned Wednesday after several week's visit in Los Angeles, Hollywood, and other southern points.

Jos. Halkyard has gone to Indian Hill Mine where he is employed.

Mrs. Eugene H. Hayes and son, Calvin, returned Wednesday from a few day's visit to Mr. Hay's mother at Browns Valley.

Judge Raglan Tuttle presided over a session of court in Sacramento county for Judge Malcolm C. Glenn.

Mr. and Mrs. H. O. Kohler were in from Washington Wednesday.

George Neagle, Jr., has accepted a responsible position with a big auto firm in Oakland.

Mrs. Gene Hughes of Willow Valley was a shopping visitor here early in the week.

Edgar E. Barker of Salt Lake City was here interviewing old acquaintances and attending to business affairs Friday.

Those from out of town attending the funeral of George A. Grissel were: his sister, Mrs. Margaret Allen a brother, Frank Grissel and wife of Stockton, a cousin, Mrs. Bud Richadson and husband of Oakland and Mr. and Mrs. John A. Boyd of Oakland.

Mrs. C. S. Laughton of Reno is here visiting with relatives.

The many friends of Mr. J. G. Northey were sorry to learn of his illness and hope for him a speedy recovery.

Nearly everybody believes that the spirits live after death, and now the passing of old man Barleycorn confirms the belief.

Nothing strikes us as being quite as pathetic as the girl who grows up believing that she is better than the rest of the family.

We never expected to see the day when the fashions in women's clothes would boost the optical business, but that day is here.

Ivan Dow left Wednesday for San Francisco and the following day he left for a visit in the East. He will first go to Chicago then on to the New England States, New and York. Return will be by the southern route through New Mexico with a stop over in Los Angeles.

TIRE ILLS SOLVED BY MODERN SHOP

Ace Tire Shop, 110 west Main Street, Grass Valley,i s a Complete Tire Hospital Carrying a Complete Line of Federal Dependable Tires and Tubes

Since this well known firm has been in operation it has enjoyed an ever increasing patronage because of the reasonableness of charges, the general excellence of work and reliability.

The ACE TIRE SHOP is exceedingly popular with the many who try them, and that they put forth their best efforts is shown in the satisfaction of each case. This establishment is splendidly equipped for all classes of tire repairing, and no work is too difficult to handle in the most satisfactory manner. A specialty is made in RETREADING and steam vulcanizing, while they do the class of work that includes almost any tire job.

We are pleased to compliment Mr. Booth, the proprietor of the ACE TIRE SHOP upon his very satisfactory work, and urge readers that as regards tire repairs, they can do no better than turn their work over to him.

CLINCH MERCANTILE CO.

Whose Store Is At 115-119 Mill Street, Grass Valley, Is One Of, If Not the Oldest, Firms Now Doing Business in The Gold Country

This business which was organized in 1883 is being operated under the latest of business policies as it features the CASH AND CARRY system, while maintaining a delivery service, at a slightly extra charge should the customer desire same.

They handle a most complete line of fancy and staple groceries and vegeltables. When you want such things as canned goods, coffee, potatoes, fresh eggs, butter, etc., and want the kind that will agree with both your appetite and your purse, you want what this store has to offer.

They also handle a full line of U. S. Army supplies and Men's clothing suitable to meet the requirements of the average man.

They began their career with the firm belief that only by selling goods of quality at a resonable margin of profit would they succeed. With this method in mind it proceeded upon its career upon the solid foundation of good values and reasonable prices. As their trade increased and the business flourished they expanded until now it is one of the leading stores in this part of the state.

Their buyers have had wide experience in the buying world and are familiar with retail trade conditions and new prosperity of the country promises to accrue to the benefit of this firm.

C. H. BARKER

Whose Offices are at 122 Main Street, Grass Valley, is One Of the Leading Real Estate Firms in This Part of California, Enjoying a Large Patronage Over This Part of Our Golden Sunshine State

In this day and age, when conservative men are constantly seeking investments where they are not only assured of a permanent source of income, but reasonable increase in value, this real estate firm is doing more than its share to meet the demands of such men.

Our locality is indeed fortunate in having this real estate office in its midst. C. H. Barker Realty Co. has for years been identified with the growth and expansion of this section, and has made a close study of real estate conditions, so that he and his assistants can offer the buying and selling public the very best of service. They have on their books a large list of most desirable properties for sale, both town and country, at prices and terms that cannot fail to be attractive to the intending purchaser, and they have made many important deals in this section of the country.

C. H. Barker Realty Co. has always made it a point not to list property for sale for more than its true value, and this is where their close study of local conditions renders them an authority on values. They also transact considerable business in insurance and have been the medium through which many of the citizens of the county have purchased their protection.

We wish to urge our readers who are interested in real estate, or who are looking for a substantial investment, that they will find this firm one well worth looking into.

C. H. Barker Realty Co. has done a great deal toward improving living conditions in this section, always being a booster for propositions that are a relable and progressive business firm, and in making this review of the onward progress of the country we recommend him to all our readers.

IS SAFETY WORTH ANYTHING?

In the compounding of prescriptions nothing is more important than accuracy. Next to that first essential is standard drugs, accurately offered in the best of condition. With the advance of medicine and surgery many new drugs are constantly being placed on the market. Physicians are adding these remedies to their prescriptions so that today, it is most necessary to seek a large and reliable druggist when a service of this nature is required.

One of the outstanding features of Loutenheiser's Pharmacy is their prescription department. At their store located on 102 West Main St., Grass Valley in charge of this important work are men who are dependable and experienced. They are registered pharmacists who fill the prescription and have years of experience in the accurate compounding of drugs. Every equipment necessary for a modern prescription labratory is at their service-certain durgs must be kept in cold storage and a large chest is kept to accommodate these delicate remedies.

In the other department of the great store every feature of an up-to-date druggist's establishment will be found. Milady may here find one of the most complete lines of toilet and beauty accessories offered on the market today. Imported powders, rouge and perfume, as well as creams and preparations that cosmetic scientist have pronounced foremost in their respective work toward beauty.

In the proprietary line they carry leading and well known brands and enjoy a large patronage in this department.

The success of the drug store is due to the business ability of the proprietor, who has displayed more than ordinary ability in the conduct of the establishment. This firm is one that has assisted in making the rest of the state sit up and take notice of Grass Valley.

We are pleased in this review to call your attention to the Loutzenheiser Pharmacy and to compliment the manager upon the satisfactory service to all the local and visiting people, for it has come to be recognized as a strictly up-to-date drug store, and plays an important part in the business life of Grass Valley.

LET YOUR SAVINGS WORK FOR YOU

Modern Banking Methods Make The Saving Habit Easy And Help You in Gaining An Independence for Later Life—Information and Advice Are Freely Given by The First National Bank

One of the best known and most successful financial institutions in the Northern Part of the State is that of the First National Bank, 126 Main Street in Grass Valley where our people may always find a careful rendering of helpful service in even the smallest of financial problems.

Operating for many years upon sound banking principles, plus a keen interest in the welfare and upbuilding of this section of California, this institution has built rapidly and on a premanent basis until now it stands at the head of Grass Valley's financial institutions catering and serving te people in the country acound the county seat. Its service not only covers the greater portion of Nevada County, and extends into other neighboring counties.

Its savings department is of particular advantage to the younger people and those who are operating on a small financial scale; making it possible to bank a small amount at a time and to have this amount working for you three hundred and sixty-five days each year and adding to its earning power each day.

The officers and management of the institution are keen business men with the interests of its patrons always at heart, are courteous and reliable in dealing with the public and always glad to aid their depositors with information and advice as to problems of investment or other matters concerning their finances. It is owned and managed by residents of the county.

It is with pleasure that we present the advantages oft his institution in this second annual review of the business institutions of our twin cities.

SOCIAL AT SWEETLAND NEXT SATURDAY NIGHT

FRENCH CORRAL, Feb. 11 (Special to The Nugget)—We will begin by "telling the world": if we were not real optimists here, our little town must sink into oblivion ere this. It seems that that dread destroyed Fire, is in league with this puzzling water question and is bent on obliterating the town of French Corral.

For the fourth time in a little more than two years, the demon has succeeded in destroying some of our old landmarks. We can ill afford to spare any building here.

At present a cloud of sorrow overhangs our community for we all deplore the loss of the home of W. E. Moulton which fell prey to the devouring flames Wednesday evening. Mrs. Moulton and daughter Louise had just sat down to enjoy the evening and await the arrival of her husband who drives the high school bus from French Corral via North San Juan to Nevada City. He was detained that evening on account of the basket ball game. Mrs. Moulton thought she heard something drop and went out to see if it might be the stovepipe as a strong wind was blowing at the time. When she opened the door she heard the cry of "Fire," and looking up saw a portion of the roof in flames. On account of the high wind it was impossible to combat the flames and the whole house was soon destroyed. Only a few things were saved--sewing machine, a few chairs and some clothing. Unfortunately Mr. Moulton had left $50 in currency in his pants and that went up in smoke. $3000 would hardly replace the loss and not a cent of insurance had he for he had put off renewing it. The fire must have caught from a spark lodging on the roof. Mr. Moulton was born in this old home and had always lived there.

This past week, a letter from Oroville from John B. Mardon told of the sudden death of his sister, Mrs. Nellie George. Mrs. George was born and raised in French Corral and spent several years here after her marriage to the late L .George. From here they went to Los Angeles where they bought a home and had since resided.

Mrs. K. Broyles and family of Sacramento were visitors here Sunday.

Mr. and Mrs. Roy McNamara of Tyler visited relatives here Saturday and returned to their home Sunday.

Mr. Sutherland of Oakland is visiting his friend, Thomas Myers of this place.

Mr. and Mrs. R. Dalberg were visitors at the county seat Monday.

Ernest DePrati of this place has been quite ill for the past week.

George and Walter McCullough were visitors here Wednesday evening.

J. Swazey had business in Grass Valley Tuesday.

Mrs. J. W. Culver visited in Pleasant Valley and Smartsville Wednesday and Thursday.

Mrs. A. Browning and son Clyde visited relatives in Nevada City on Thursday.

Mr. and Mrs. F. S. Wood and baby were French Corral visitors on Thursday.

Mrs. H. Hoskins and two children are guests of Miss Millie Clerkin.

We were pleased to hear from our North San Juan correspondent of those blackberries bearing in midwinter. Isn't our climate most wonderful.

We can never say too much in praise of the San Juan Ridge and the best part is that we are never overdoing the truth.

The regular meeting of the San Juan Ridge Waters Users Assn. held on the 5th was well attended. At this meeting $87 was turned over as receipts from the social held at French Corral.

The people of Sweetland are busy getting ready for the Valentine Socinal to be held at that place next Saturday night. The social is for the benefit of the Water Users Association and should be largely attended. You will get your moneys' worth.

As an incentive to the coming campaign for a renewal of hydraulic mining, J. D. Stewart says it is planned to take moving picture reels of the old historic mining spots in El Dorado, Nevada and Placer counties.

ALLEGHANY RESIDENTS ARE ON THE MOVE THERE

p ALLEGHANY, Feb. 11, (Special to the Nugget)— Mr. Al Turner has returned to Alleghany after a short business trip to Arizona where he owns property. Mrs. Turner accompanied him but due to ill health has remained in Arizona.

Frances Delauney, who has been spending some time in Alleghany with her sister, Mrs. Green, has returned to San Francisco.

Mrs. Henry has been ill and her mother has come to take care of her

Mrs. Chenoworth has heturned after a visit in Sacramento. She went down to attend her brother's wedding.

Murdock Morrison has gone to Grass Valley to attend the graduation exercises of her daughter.

Mrs. H. Bradbury and son, Jimmie, have just returned from Hammonton where they attended the funeral of her oldest daughter, Mrs. Warren Scott.

Mr. Morris of the El Dorado has gone to San Francisco on business.

Johnnie Morris has returned to Forest from a visit of several weeks in San Francisco.

Mr. and Mrs. John Gardner are spending the week end in Sacramento.

Miss Zona Moore has gone to Grass Valley for the week end.

Harry Davis is spending the week end with his family in Nevada City.

Miss Berenice Fleming is visiting friends in Nevada City.

Miss Margaret Moulton is visiting relatives in Alleghany.

Ed Wyllie of Forest spent the day in Alleghany.

TYLER SCRIBE BOOSTS THE DAIRYING THERE

TYLER, Feb. 11, (Special to the Nugget) —Mr. Thomas Biglow of the Sideria mine at Badger Hill was a County Seat visitor Thursday.

James Counghlin and Jay Coughlin were business visitors in Nevada City Wednesday.

James and Thomas Phelan were visitors in Nevada City Thursday.

If Mr. J. W. Brownog Gridley had seen ranches with lots of water Old Shady creek never fails. Fine place for dairy, can raise all kinds of feed and cut lots of natural grass.

The many friends of Mr. and Mrs. W. Moulton are sorry to hear of their loss of their home by fire. Our home was destroyed by fire in 1884 and we know how it is to be left nothing.

The many friends of Mrs. Kate Wilbur will be sorry to hear of her daughter, Blanche's, death at Long Beach last Saturday. A year ago she was married to H. Williams of Long Beach. She leaves a little baby boy about two months old, also her husband, mother, four brothers and sister, Mrs. Lucille Musser.

Louis Marquardt made a business trip to Oroville Thursday.

New, cheerful lighting—free trial in your home

The money you spend for one of these lamps does considerable to improve the appearance of your furnishings.

For the abundance of soft, colorful light makes an "interior" seem lovelier. It's just like redecorating the whole room.

There is a reflector under the silk shade that distributes the light over the entire room. This is the new principle of design that combines beauty with good lighting and eliminates harmful glare and gloom.

The lamps have a base finished in silver or gold and there is a selection of four silk shades. Phone and ask our representative to place one of these lamps in your home for a three-day trial.
